from the bestselling co author of chicken soup for the soul comes a revolutionary programme to help you cut back or quit drinking entirely on your own and in the privacy of your own home existing established published resources have utterly failed to help most alcoholics only a tiny percentage of those with alcohol abuse issues ever receive any sort

of treatment including alcoholics anonymous which provides a dated programme of recovery that many find difficult to accept or practical to implement there has also been no dramatic decline in alcoholism over time suggesting that we are desperately in need of a fresh approach the 30 day sobriety solution offers the answer to anyone who feels their drinking has become unmanageable inspired by canfield s work in self esteem and success training and developed into a programme by dave andrews it integrates positive psychology neurolinguistic programming cognitive therapy meditation positive self talk and the correction of negative self perceptions amongst numerous other techniques at the core of this programme are the two concepts of a no alcohol 30 day reboot with the option of a non abstinence track after the first 30 days this is a model of sobriety that you can achieve in the privacy of your own home in only a few minutes a day

explains how the 2008 financial meltdown came about and how to revitalize global and domestic economies shows how capitalist economies developed and why the state matters in their functioning free market purists claim that the state is an inefficient institution that does little for society beyond providing stability and protection the activities related to distributing resources and economic growth they say are better left to the invisible hand of the marketplace these notions now seem tragically misguided in the wake of the 2008 market collapse and bailout mark martinez describes how the flawed myth of the invisible hand distorted our understanding of how modern capitalist markets developed and actually work martinez draws from history to illustrate that political processes and the state are not only instrumental in making capitalist markets work but that there would be no capitalist markets or wealth creation without state intervention he brings his story up to the present day to show how the seeds of an unprecedented government intervention in the financial markets were sown in past actions the myth of the free market is a fascinating and accessible introduction to comparative economic systems as well as an incisive refutation of the standard mantras of neoclassical free market economic theory
